

# HOARDING PROFILES

Multipanel UK's unique Hoarding Profile System has been specifically designed to allow quick and efficient assembly of on-site hoarding that can be easily adjusted, removed and transported to other sites.

This economic, reusable solution can be used with Alupanel and a number of other Multipanel UK composites.

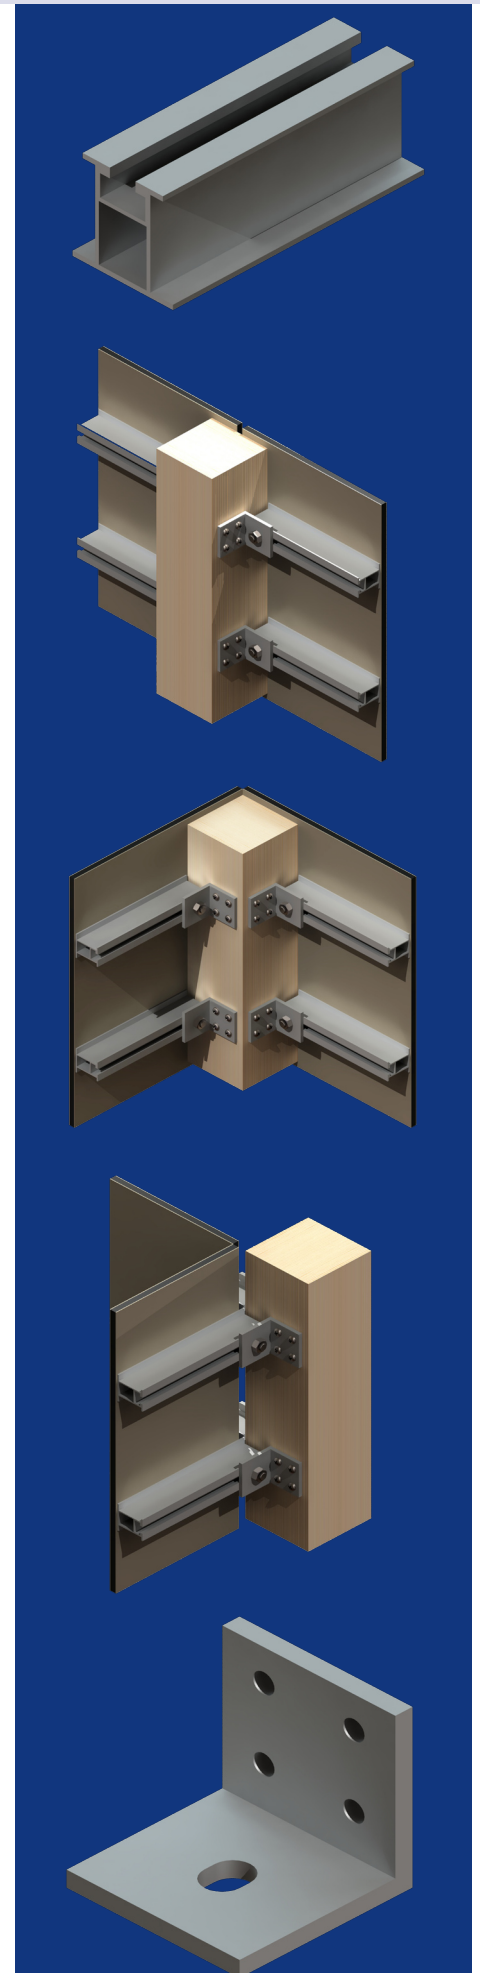

The System consists of an Aluminium strut designed to run horizontally across the back of the panel, and a special corner bracket to join the strut to a 2'x2' wooden support (widely available).

## Benefits:

- High Rigidity
- Cost Effective
- Fast Installation
- Alupanel can be routed and folded
- Direct Digital Printing
- Reusable System
- Can withstand strong wind loads
